Amegy Bank A-List Customer

“Our company prides itself on being fast, easy and economical to work with – just like Amegy Bank. Their Anytime Deposits™ technology makes check clearing so much better. No more running around to get checks to the bank. Instead, we have a special scanner provided by Amegy that allows us to transmit checks in our office instantaneously. With several hundred checks each day, what used to take hours, now takes minutes. Anything that saves our employees’ time and speeds up cash collections gives us an edge.”

Tired of the time and expense it takes to deposit checks at the bank? Put Anytime Deposits to work for you. Let us come by your office, stop by any of our banking centers, or give Debbie Innes a call at 713-235-8845. When you bank at The 'A' Bank, you're on our A-List. Which means you'll have all the advantages of Amegy's financial resources and personalized service.
